		<p>Board member questions related to goals in the RSU #22 Comprehensive Needs Assessment follow up by Board Member Royal included the following:</p> <ol style="list-style-type: none">1. Funding low income AP exams? Included in Title IV Grant.2. Need for training on student info and learner management system? Powerschool System training is budgeted.3. Dedicated coordinator for National Board Teaching Certification? Included in federal budget.4. Sufficient social work time for Wagner/Smith Schools? Budgeted and Contracted starting in FY19 (Article 5). Board member Royal suggested increasing budget over FY19 to increase services. Current budget development discussion regarding two positions in Article 2 which are not yet defined but would address needs aligned with anxiety, behavior and school engagement issues.5. Expanded planning time? School calendar addresses early release and inservice for vertical discussions. PLC time in elementary schools – gives comp time for coming in early or staying late for professional teaming. Mr. Lyons spoke to modify teacher calendar to increase the number of work days so that time for such teacher teaming would be present without impacting instructional time. Expressed that the teachers negotiated fewer work days.6. Instructional coach dedicated to math? Are we adding time or personnel? Budget includes an Article 5 request for a full time instructional coach. A math intervention position at WBee is included in Article 1.7. More STEM opportunities? An RSU #22 partnership with RISE Center STEM +C grant for middle school computer science integration has begun. High School – technology engineering courses have been developed 1 and will be implemented.8. Software improvements – proficiency based system needed. Refresh at HA for 1:1 devices. Proficiency-based diplomas are no longer the track for Hampden Academy so the software noted in the CAN is not necessary to track students. McGraw School doesn't have the technology levels that Smith school has due to the Momentum Grant. It is being considered to refresh Chromebooks at 6th grade level and push the devices to WBee. Can we increase the ratio for McGraw for FY20?

			<u>\$74,957.50</u>		

- Article 4 costs have been increasing over the past few years primarily due to costs associated with personnel, transportation and officials. Warrant article transfers have been required over the past three years. FY18 transfer was \$19,215. In FY17 the Article 4 transfer was \$28,000.
- The increased expenditures were discussed. RSU #22 employs 86 coaching positions and 76 co-curricular positions. Coaches and advisors are paid through stipends. The value of the ERPs which are the basis of stipends has increased in the current contract year to \$111.87 and \$114.11 in FY 20. In addition, an experiential factor is built into the stipend calculation. Associated benefits increased as well. Total increase \$14,779.05.

- Transportation increases of \$24,036.85 were noted. Increase in costs for officials and associated benefits (ie. social security, medicare, unemployment, workers' comp.) were also noted.
- New cost in FY 20 – Athletic trainer. History – HA previously employed a position at the Academy which was a part-time Athletic Trainer. Limited services were available at the middle schools. A recent contract with EMMC (Northern Lights) was signed which serves HA primarily with attention to the middle schools for fall football, cross country and spring track services. Administration is meeting with EMMC later this month to discuss next year.
- Funding has been proposed to adequately implement high school and middle services to the degree middle schools have experienced in the past.
- HA Athletic Director Fred Lower spoke to the contracted services experiences and is very pleased with the services provided. The middle school principals spoke to the services offered at those schools. Trainers have been consistent at both middle and high schools during football games. Winter sports at the middle school have not seen trainer support. Once a week consultation for middle school sport management has been the norm this year. Significant reporting and communication from trainer to school, parents, nursing staff occurs and is highly satisfactory. The budget is proposed to support levels of middle school trainer support at levels more consistent with past practice two and three years ago.
- Breakdown of Article 4. Inside each of the categories:
